WRECKS THE CHURCHES

PENNSYLVANIA TOWNS VISITED
BY A MOST SEVERE WIND
STORM.

ARE CAUGHT IN THE DEBRIS

Spires and Chimneys Crash Through the Roofs, Burying the Pastors and Congregations—Several Deaths Are Reported and Many People Are Injured, a Number of Them Fatally. Much Damage to Other Property.

Pittsburg, March 31.—One of the fiercest wind storms ever known in this section struck the city Sunday just before noon and did almost incalculable damage to property and injured many people, some of whom may die from the effects of their wounds. Scores of houses were unroofed, many trees were blown down, mill stacks toppled over and telegraph and telephone wires were generally disabled. The most serious accident was the unroofing of the Knoxville Presbyterian church in Knoxville. The church at the time was filled with an Easter congregation numbering about 500 persons. While the minister was in the midst of the sermon a particularly strong gust of wind blew over the large chimney and lifted a portion of the roof of the building. The bricks from the chimney crashed through the roof and carried a huge piece of the hard wood ceiling, measuring about 40 by 20 feet, down upon the worshippers in the pews. An indescribable panic ensued and a frantic rush was made for the doors and windows.

At least 40 persons were caught by the wreckage and more or less hurt. Of this number five may not recover. As Rev. John Johnson at McDonald, Pa., was raising his hands to ask the benediction, lightning struck the church spire, went through the roof, which fell, crushing a number of visitors, two of whom will die.

The towboat Belle McGowan was blown over in the Ohio river and completely wrecked. Her crew were rescued.

Jones & Laughlin had 14 of their furnace stacks blown down, necessitating the shutdown of a portion of their plant for weeks.

Belated reports from nearby towns show that the wind played havoc at every town in its track. Wellsburg, W. Va., March 31.—The storm which visited the Ohio valley amounted to a calamity here. The Franklin M. E. church, four miles east of this place, is in ruins, its venerable pastor is seriously injured, two members of the congregation are dead and several others are wounded. Rev. Mr. Allshouse had reached the peroration in his sermon when suddenly the gable end of the church was blown in.

The falling timbers and debris struck him and fell all about him. The congregation was panic-stricken. Many had reached the outside and others were yet in the edifice when the gale lifted the roof off and it fell among the people. The dead are Estella Brady, 16 years old, and Robert Gist, 10.

Greenville, Pa., March 31.—The Easter services being held in the United Presbyterian church at Jamestown, this county, came to an abrupt ending. The sky became overcast and a funnel-shaped cloud was seen approaching from the northwest. The congregation became uneasy, but the pastor, Rev. J. M. Jamison, continued the services. Suddenly there was a terrific crash and part of the south end of the church crashed in, burying the minister beneath bricks and timbers.

The men of the congregation rushed to the pulpit and when the stricken minister was removed from the debris it was found that he had received fatal injuries.

THREE MEN DROWNED.

Fishing Schooner Sunk by a Steamship in Delaware Bay.

Philadelphia, March 31.—With the greater part of her crew of 11 men asleep in their bunks below deck the little fishing schooner Edna Earl, bound for the sea, was run into and sunk in Delaware bay off Reedy Island, Del., late at night and three of her crew were drowned. The drowned men are: William Smith and Dennis Wood of Philadelphia and Patrick Nolen of Baltimore.

The vessel that sunk the fisherman was the Norwegian steamship Romsdal, from New York for Philadelphia, in ballast, which rescued the surviving members of the crew and brought them to this city. To whom the responsibility for the collision is chargeable has not been determined. Both Captain Hirsch of the Romsdal and Captain Kote of the schooner say that all their lights were burning and that they were completely within maritime regulations. The sleeping fishermen were awakened by the crash and rushed up the narrow companionway. All but three of the men managed to reach the deck. Nolen, Smith and Ford being caught by the rush of water and were drowned in the vessel. The blow struck by the Romsdal was so severe that the little schooner was almost cut in half and she sank in less than five minutes. The surviving members took to the rigging and in half an hour were taken off in a small boat sent to the rescue by Cap-

tain Hirsch, who had been anchored in his vessel after the collision. The Romsdal, beyond the bending of a few plates, was uninjured.

Will Not Evacuate Manchuria Yet. Vienna, March 31.—The Wiener Allgemeine Zeitung asserts that Russia, in response to inquiries made by the United States, recently declared she was not disposed to evacuate Manchuria until ample guarantees for the preservation of order had been given, but she would respect the principle of the "open door."

TO FIGHT PLUTOCRACY.

The "Allied Party" Will Meet in Louisville on April 2.

Louisville, March 31.—The "Allied party," whose purpose is "to unite all reform forces against plutocracy," will meet in national convention at noon April 2 in Liederkranz hall, Louisville. Allied parties to be represented are the Socialists, Union Labor and the Union Reformers of Ohio. The Public Ownership party of St. Louis, the Liberal party, recently formed in Ohio, and the Union Christian party.

The convention is the outgrowth of the preliminary conference of "all reform elements" held in Kansas City last September. The name "Allied party" was selected to designate the movement only until the meeting of the Louisville convention, which is to choose a name and effect a permanent organization. The convention will have power to make a platform for the party which is open to "all citizens who favor political action independent of the old parties."

National Chairman Joe A. Parker says that 700 delegates will attend the convention. The advance guard has already arrived.

OFFERS TO SURRENDER.

Rufino, a Filipino Leader, Says He Is Tired of Rebellion.

Manila, March 31.—Rufino, who spent \$30,000 in his efforts to incite rebellion in the province of Misamis island of Mindanao, now declares he is tired of rebellion and has offered to surrender with 75 rifles to the native constabulary.

General Chaffee will leave Manila April 10 on a tour of inspection to the island of Samar. He will visit every port in the island and will witness the surrender there April 15 of the insurgent general, Guevarra. After this surrender the American garrisons in Samar will be largely reduced.

Senor Veldez, the editor of a local paper, who has been sued for libel by two of the Filipino members of the United States Philippine commission, will subpoenae Aguinaldo to appear in court and testify in the case. General Chaffee's permission to this step has been obtained.

During the last three days there have been 10 new cases of cholera here and four deaths from the disease.

EXCLUSION BILL NEXT.

Will Follow Oleomargarine Measure in the Senate.

Washington, March 31.—The friends of the oleomargarine bill hope to secure a vote upon that measure early in the week, and as soon as it shall be disposed of the Chinese exclusion bill will be called up. According to the present understanding Senator Mitchell of Oregon, who was largely instrumental in framing the exclusion bill, will make the first presentation of its merits to the senate. He will be followed by other supporters of the bill, and it is the hope of Senator Penrose, who has charge of the measure, that the senate will be able to conclude its consideration within 10 days after it is taken up. There is no pronounced opposition to the bill as a whole, but an effort will be made to amend it in some particulars.

WERE TRIED BY REGULARS.

Ex-Volunteer Officers, Under Sentence, Seek Their Liberty.

Fort Leavenworth, Kan., March 31.—Warden McClaughy of the federal prison has been served with writs in the habeas corpus cases of Captain Michael J. Spellman and Ex-Lieutenant Gilbert A. Jones, commanding him to appear in the United States district court with the ex-officers named to show why they should not be released from prison.

Spellman and Jones arrived recently from Manila under sentence pronounced by a courtmartial for complicity in the commissary frauds in the Philippines. They were volunteer officers and base their argument for release upon the ground that the members of the courtmartial were regular officers.

Mule Spinners Make Demands.

Pawtucket, R. I., March 31.—A special meeting of the Rhode Island Mule Spinners' association held here during the afternoon resulted in a demand on all yarn and thread manufacturers of the state for a 10 per cent increase in wages. The manufacturers are given until Saturday next to reply.

Mother and Daughter Cremated.

Crown Point, Ind., March 31.—A bolt of lightning during a snow storm struck the farmhouse of Christopher Larsen, near this city, and set fire to the structure. Mrs. Larsen and her 16-year-old daughter were found in the ruins burned to a crisp.

Vote to Return to Work.

Lowell, Mass., March 31.—All doubt as to the outcome of the efforts of the citizens' committee to prevent a strike was removed when the weavers, cotton spinners and loom fixers voted to return to work in the morning.

Claims That His Chances for the

the Subject.

Little Rock, Ark., March 31.—Additional returns from a majority of the counties indicate a victory for ex-Governor James P. Clarke for United States senator over Senator James K. Jones, though his majority on joint ballot probably will not exceed 12. Complete returns are not yet in and in several of the large counties the vote is so close that the official count is awaited. Senator Jones will not concede Clarke's victory. He left during the afternoon for his home in Homestead county, but his headquarters here remains open. At Clarke's headquarters it is declared that the contest is settled in Clarke's favor, the only question being as to size of majority. There are about 19 counties which cannot be heard from yet owing to no wire connection.

At Senator Jones' headquarters it is said he is satisfied with the reports received here during the day. Instead of conceding his defeat, as has been widely circulated, he feels that the situation has materially improved. His representatives announce that they have received definite information from 43 counties, 27 of which have been carried by him.

So far as definitely reported Governor Davis carried two-thirds of the counties against Colonel E. W. Recker for the gubernatorial nomination.

Lincoln, Neb., March 31.—W. J. Bryan declined to be interviewed on the defeat of Democratic Chairman Jones in his canvass for re-election to the senate in Arkansas.

LETTERS MADE PUBLIC.

Correspondence Between General Miles and Secretary Root.

Washington, March 31.—The correspondence between Secretary of War Root and Lieutenant General Miles, resulting from the latter's request that he be permitted to assume control of the army in the Philippines, has been laid before congress.

The correspondence reveals unmistakably the tension between the lieutenant general and the war department and shows how completely President Roosevelt has approved of the position assumed by Secretary Root. Lieutenant General Miles proposed a plan of his own for the pacification of the Philippines. Secretary Root intimated in reply that the plan was "spectacular." General Miles in reply defended his proposal to take representative Cubans to the Philippines and claimed the credit for the visit to Washington of the delegation from the Cuban constitutional convention.

To this Secretary Root replied that it was General Wood who arranged for the visit to Washington of the Cuban delegates. The secretary also revealed to the public the fact that two years ago General Miles proposed to denude the Philippines of troops in order that the United States might send 15,000 soldiers to China—more than any other one power proposed to

send—and upon that score claim command of the allied forces. The secretary further revealed the fact that General Miles requested the war department to obtain for him the supreme command of the forces that marched to the relief of the besieged legations in Peking.

TO SUCCEED RODENBERG.

James R. Garfield Will Become a Civil Service Commissioner.

Washington, March 31.—James R. Garfield, a son of the late President Garfield, has accepted the position of civil service commissioner tendered him about 10 days ago by President Roosevelt. He takes the place to be vacated on April 1 by Mr. William A. Rodenberg. Mr. Garfield is a comparatively young man and is engaged in the practice of law with his brother, Harry A. Garfield, in Cleveland. He is a notable figure in Ohio political circles and has served as state senator from his district. He was the author of a law known as the Garfield election law of Ohio, which required all nominees for elective offices to file with the secretary of state a sworn statement of the expenses incurred by them during the campaign. The law, however, was subsequently repealed. Mr. Garfield is a resident of Mentor, a suburb of Cleveland.

SUNDRY CIVIL BILL.

The Measure to Largely Occupy Attention of the House This Week.

Washington, March 31.—The house during the coming week will be largely occupied by the sundry civil bill. Such time as remains will be devoted to the consideration of the senate bill to promote the efficiency of the revenue cutter service and the Chinese exclusion bill, both of which are on special orders, but they do not interfere with revenue or appropriation bills. It is the intention of the leaders not to bring forward the Cuban reciprocity bill until next week.

Medical Student Suicides.

Chicago, March 31.—Covered with snow and with a revolver clutched in the right hand the body of Howard R. Miller, a student at the Keokuk college of physicians and surgeons at Keokuk, Ia., was found in Lincoln park. Miller had been dead several hours when discovered. It is believed he ended his life while despondent on account of overstudy. He came to Chicago from Keokuk last Thursday.

The pupils in the West Hazelton (Pa.) Grammar school went on a strike the other morning because of the failure of their teacher, John Madden, to read a passage from the Bible after the school had been opened.

PRICE OF GOLD GOES UP.

Philippine Commission Fixes Rate at \$2.27 Mexican for \$1 American.

Manila, March 31.—The United States Philippine commission has fixed the government rate of exchange for silver for the second quarter of this year at \$2.27 Mexican silver for one gold dollar. The rate of exchange Saturday at the banks was \$2.23 Mexican for one dollar gold, but the banks refused to sell gold in large quantities, not having sufficient coin to do so.

The scarcity of American gold is attributed partly to the banks and largely to Chinese speculators, who always buy American gold at a quotation two points higher than the bank rate. This action of the commission in making the government rate higher than the bank rate of exchange has created much discontent among importers. They are unable to obtain sufficient gold to pay import duties, and must, consequently, pay these duties in silver at the government rate of \$2.27.

The employees of the civil government are elated at the new rate of exchange, as it means a considerable increase in their salaries. It is the intention of the commission to endeavor to retain the gold in the archipelago.

The Measure to Largely Occupy Attention of the House This Week.

Washington, March 31.—The house during the coming week will be largely occupied by the sundry civil bill. Such time as remains will be devoted to the consideration of the senate bill to promote the efficiency of the revenue cutter service and the Chinese exclusion bill, both of which are on special orders, but they do not interfere with revenue or appropriation bills. It is the intention of the leaders not to bring forward the Cuban reciprocity bill until next week.

Medical Student Suicides.

Chicago, March 31.—Covered with snow and with a revolver clutched in the right hand the body of Howard R. Miller, a student at the Keokuk college of physicians and surgeons at Keokuk, Ia., was found in Lincoln park. Miller had been dead several hours when discovered. It is believed he ended his life while despondent on account of overstudy. He came to Chicago from Keokuk last Thursday.

The pupils in the West Hazelton (Pa.) Grammar school went on a strike the other morning because of the failure of their teacher, John Madden, to read a passage from the Bible after the school had been opened.

PRICE OF GOLD GOES UP.

Philippine Commission Fixes Rate at \$2.27 Mexican for \$1 American.

Manila, March 31.—The United States Philippine commission has fixed the government rate of exchange for silver for the second quarter of this year at \$2.27 Mexican silver for one gold dollar. The rate of exchange Saturday at the banks was \$2.23 Mexican for one dollar gold, but the banks refused to sell gold in large quantities, not having sufficient coin to do so.

The scarcity of American gold is attributed partly to the banks and largely to Chinese speculators, who always buy American gold at a quotation two points higher than the bank rate. This action of the commission in making the government rate higher than the bank rate of exchange has created much discontent among importers. They are unable to obtain sufficient gold to pay import duties, and must, consequently, pay these duties in silver at the government rate of \$2.27.

The employees of the civil government are elated at the new rate of exchange, as it means a considerable increase in their salaries. It is the intention of the commission to endeavor to retain the gold in the archipelago.

FRAUD is charged in the recent election in Beltrami county by which \$50,000 bonds were voted to erect a court house at Bemidji, the charge being that 300 illegal votes were cast in that village alone.

A COMPANY of state militia is to be organized and mustered in at Little Falls. They already have a base ball association and after the institution of the lodge of Elks, which takes place on April 15th, their joys will be complete.

The Grand Rapids Herald-Review says R. M. Dorman, of Brainerd, has taken a homestead on Sherry's arm on the south side of Pokegama lake, where he has about two miles of lake frontage. Mr. Dorman's family arrived here Monday.

THE Long Prairie Leader cannot forgive Judge Bruener for having deserted the democratic party in 1900, and adds "the only charity we have to offer Judge Bruener is to welcome him back to the ranks." As a congressional candidate the gentleman does not suit Bro. Graham.

CAPT. E. B. WOOD will be a candidate for the republican nomination for state senator from the district comprised of Todd, Wadena and Hubbard counties. Senator Jones who has represented his county in the state legislature for some years, is undecided as to whether he will enter the contest or not.

THE postal authorities at Washington, recognizing the liability of postmasters to make mistakes in getting letters in wrong boxes, have fixed a penalty of \$200 on persons taking mail out of the office other than their own and not returning it. The law is that people shall look at their mail before taking it out of the office and if they should have mail other than their own they must return it at once. It also includes newspapers. An exchange in commenting on the ruling remarks that the excuse that it is the postmaster's fault "cuts no ice." If you have been getting other people's mail you had better take warning or you may get yourself in trouble.

THE people down at Fergus Falls are going to have a serious time this summer finding out "where they are at," says the Fargo Morning Call. The ice which is being taken out of the lake is full of catfish. The fish appear to have died or smothered soon after the lake froze over and the fish became imbedded in the ice as it thickened, so that the people don't really know whether they are drinking ice water or eating fish. The fellow who gets choked don't know whether it's a fishbone or an icicle; and the iceman don't know whether to shout "ice" or "fresh fish." The fellow who don't eat fish on Friday will get mad if the fish is delivered and he'll go on the warpath if his ice isn't delivered. "How would you like to be the ice-man?"

For many years one of the hard problems railway ticket agents have had to contend with has been the difficulty in disposing of upper berths. It is a well known fact that at least ninety passengers out of a hundred ask for "lowers." A Journal reporter was present at the Milwaukee ticket office the other day when several passengers asked for upper berths on the Pioneer Limited. Upon inquiring the reason of the ticket agent he learned that the upper berths, as well as the lowers, in the sleepers on the Pioneer Limited are extra wide, roomy and comfortable, perfectly ventilated and lighted. With the Milwaukee agents the difficulty in disposing of uppers is reduced to a minimum.

THE OAF'S ANSWER.

Kipling's Famous Poem Satirized in Stinging Verse.

Since Rudyard Kipling published "The Islanders" there have been many parodies, but no metrical answers worthy of the name until the following appeared in the London Star:

Fenced by our patient fathers, ringed by our peaceful seas,
Long did we wake in quiet and long lie down at ease.
Till you said of strife, "What is it?" of the sword, "Let it flash again!"
Till you made a god of wanton war and an idol of armed men.
We stopped our ears to the warning: we would neither look nor heed;
We set our hate above our laws and our lust above our need.
Because of our witless rancor and our pitiless pride of race
We grudged our brothers freedom and our friends a resting place.
You blustered and bragged and bellowed, and we paid when you bade us "pay,"
But where are the fifty thousand men that you twanged to Table Bay?
For soon were the judgments loosened, soon was our shame revealed,
At the hands of a little people, few but apt, in the field.
Though now they are only a remnant (and Miller has started in "Star"),
You ask for more of our millions and more of our flesh for war.
Sons you would tear from their mothers, lads from their lasses sweet
And brush them under the wheels of war like the dust and dirt of the street.
And what did you look for should compass? Glory that fades like a breath,
Glory to Gold in the highest at the price of a brother's death?
So! And we asked, "Is it glory to hollow the veldt with graves
And to build a gilded empire on the backs of beaten slaves?"
But you said "The war is over!" But you said "The end is come!"
And we swallowed the hocus of Hatfield, we swallowed lie of Brum.
Then we returned to our vomit, then we contented our souls
With the kipling fools at the pothouse and the ruddy oafs at the polls.
Given a strong delusion, wholly believing a lie,
We saw that the war was not over, and we let the months go by,
Waiting some easy wonder, hoping some saving signs,
Cheated, openly cheated, for the sake of the sacred mines.
Cheated and sick of your boasting, ah, what is your boasting worth,
When the ink you fling is a blotch of blood on the rotting earth!
It was not made with the mountains; it is not one with the deep;
Fools and oafs devised it, fools and oafs must keep.
Fools, not men, belaud you; oafs, not men, adore.
How should men applaud you, O laureate of kore?

MORGAN'S BENEVOLENCE.

Kind Act For Which the Financier Was Blessed by Hospital Patients.

Here is a story which Prince Henry may not have heard about, although the luncheon given to him at Sherry's, where he met the "captains of industry," is more or less connected with it, says the New York Commercial Advertiser:

A woman had met with an accident and had been sent to the New York Polyclinic hospital, in East Thirty-fourth street. This hospital has not been favored with as many gifts as others have been, and the patient referred to found it lacking in some of the little essentials which make sick women comfortable, although nothing could exceed the devotion of the medical staff.

The new patient, filled with gratitude for the attention she received there, resolved to see what she could do to benefit the hospital. She had never seen J. Pierpont Morgan, but had heard that he was a benevolent man. So she wrote to him and told him of the needs of the hospital. Days passed, but there was no reply to her letter, and it seemed as if it might have been ignored by the busy financier. The woman recovered and returned home. It was not long after that she again became a patient in the same hospital. This was about the time of Prince Henry's arrival.

The day after the Sherry luncheon to the captains of industry an express wagon delivered at the hospital gates two porcelain bathtubs filled with the flowers which had decorated the tables and the room at Sherry's on the day the prince dined there. The card of J. Pierpont Morgan accompanied the gift.

This little incident made one woman at least realize that the great financier was not absorbed in Wall street affairs to the exclusion of all else, and it filled the hospital with fragrance and beauty, for which the inmates blessed him. One who was there at the time says:

"It may be pleasant for Mr. Morgan to know that many lips murmured blessings in connection with his name, and more than one sick woman prayed that he might be spared for many a long year to do acts of kindness like this."

New Use For Cinders.

George F. Averill, living at Arverne, N. Y., says that he has discovered a means of using the waste coal ash cinders that will make the hitherto useless material of great commercial value. The use which Mr. Averill has found for these coal ashes is in a new kind of fireproof mortar, 90 per cent of which is made up of coal ashes and the rest double hydraulic cement, says the Chicago Chronicle. Mr. Averill has had tests made under the supervision of the department of buildings in Manhattan, which show that the insulating properties of a block constructed according to Mr. Averill's specifications are very great.

Child's Opinion of Prince Henry.

The day after Prince Henry's visit to Washington Archibald Roosevelt discussed the prince with great vigor to some of his schoolmates, as follows, says the Baltimore News:

"Why," he said, "he ain't like any prince I ever heard of. He didn't come up in a chariot drawn by white horses at all. He rode in a carriage just like ours. I don't think he's much of a prince." The small boy sniffed. "He looks just like any other man—made of meat, you know."

IMPROVEMENTS AT BRAINERD'S DEPOT.

Some Extensive Alterations Are Being Talked of The Coming Year.

THE NEW FREIGHT DEPOT.

Plans, it is Said, Have Been Approved and Work Will Commence Shortly.

While Superintendent G. W. Vanderslice, of the Lake Superior division was in the city Saturday, he had a long conference with Agent W. D. McKay of the Northern Pacific agent improvements which are to be made by the company in this year.

Agent McKay has asked that as soon as the new freight depot is completed that extensive improvements be made in and about the passenger depot. In all probability his requests will be granted and the now overcrowded depot will be converted into a thoroughly modern railway station. It is suggested that the waiting rooms and ticket office be rearranged and that other arrangements be made for the ticket and other offices on the ground floor. There are also some other exterior improvements contemplated.

It is understood that the plans for the new freight depot have been approved and that work will commence on the foundation in a short time. The building will be a solid brick, fire proof warehouse, 300 feet long and 50 feet wide. Further than this no information has been given out.

VETOED BY ROOSEVELT.

House Relief Bill Meets Same Fate as Senate's.

Washington, March 29.—President Roosevelt has sent to the house a veto of the bill for the relief of Emanuel Klausner from the charge of desertion.

The president says this bill, like the senate bill in the case of J. N. Howell, not only authorizes the president to act but also orders the secretary of war to act and set aside the order approving the findings, report and sentence of a courtmartial and grant an honorable discharge.

"It appears to imply," says the president, "the power by congress of overruling and reversing by statute a valid judgment. If it did not do that it was simply an exercise of the pardoning power. It is questionable whether congress possesses either of these powers, but when the bill directed the secretary of war to revoke a courtmartial, congress undid the thing it ordered to do."

MALICIOUSLY FALSE.

W. C. Brown Denies the Charges of Walter Christmas.

New York, March 29.—Wilbur C. Brown, partner of Abner McKinley, whose name was mentioned in connection with the Christmas charges made public in congress Thursday, has sent the following letter to Representative Dalzell, chairman of the investigating committee:

"Dear Sir: The papers this morning contain extracts read in congress yesterday from insidious charges alleged by one Walter Christmas in connection with the purchase of the Danish West Indies.

"So far as these charges relate to Mr. Abner McKinley and myself they are unqualifiedly and maliciously false in every particular. I shall be glad to appear before your committee at any time you may desire."

Strikers Give Up Their Union.

Leavenworth, Kan., March 29.—The street car strike which has been on in Leavenworth since Feb. 1 has been settled. The strikers conceded everything on condition that they be taken back. The strike was caused by the organization of a union by the street railway employees. By the terms of settlement the strikers agreed to give up the union.

Japan's Claim Is Just.

London, March 29.—The Tokio correspondent of The Times, referring to Japan's having distrained on the property of foreigners who refused to pay the house tax, says that the government at Washington recognizes the justice of Japan's claim in this connection and has refused to become a party to the arrangement of the matter.

Cattle Suffering for Water.

Denver, March 29.—Reports from Orchard, Colo., say that many cattle on the plains are in a pitiable condition for want of water. Many of the water holes in Morgan county have been fenced in by owners of small herds, and other cattlemen, whose stock is shut off from water, are threatening to take retaliatory measures.

Walcott Takes a Big Contract.

Boston, March 29.—Joe Walcott has been matched to fight Fred Russell for a decision before the Wabash Athletic club, Chicago, April 4. Walcott, who, it is said, only weighs 140 pounds, is forced to meet a man who weighs 220 pounds and is six feet tall. Ben Bonnelly, a football player, will referee.

Need More Officers in the Navy.

Washington, March 29.—It is announced that President Roosevelt will deliver the diplomas at the graduating exercises of the naval academy at Annapolis on May 2, the advance date set in order to relieve a dearth in commissioned officers.

Though now they are only a remnant (and Milner has started his "Star")
You ask for more of our millions and more of our flesh for war.

Sons you would tear from their mothers, lads from their lasses sweet
And brush them under the wheels of war, and we paid when you bade us "pay,"
And what did you look they should compass? Glory that fades like a breath,
Glory to Gold in the highest at the price of a brother's death?

So! And we asked, "Is it glory to hollow the veldt with graves
And to build a gilded empire on the backs of the sacred mines?"

But you said, "The war is over!" But you said, "The end is come!"
And we swallowed the hocus of Hatfield, we swallowed lie of Brum.

Then we returned to our vomit, then we contented our souls
With the kipling fools at the posthouse and the ruddy oafs at the polls.

Given to strong delusion, wholly believing a lie,
We saw that the war was not over, and we let the months go by,
Waiting some easy wonder, hoping some saving signs,
Cheated, openly cheated, for the sake of the sacred mines.

Cheated and sick of your boasting, ah, what is your boasting worth?
When the ink you fling is a blotch of blood on the rotting earth!

It was not made with the mountains; it is not one with the deep;
Fools and oafs devised it, fools and oafs must keep.

Fools, not men, belaud you; oafs, not men, adore;
How should men applaud you, O laureate of gore?

MORGAN'S BENEVOLENCE.

Kind Act For Which the Financier Was Blessed by Hospital Patients.

Here is a story which Prince Henry may not have heard about, although the luncheon given to him at Sherry's, where he met the "captains of industry," is more or less connected with it, says the New York Commercial Advertiser:
A woman had met with an accident and had been sent to the New York Polyclinic hospital, in East Thirty-fourth street. This hospital has not been favored with as many gifts as others have been, and the patient referred to found it lacking in some of the little essentials which make sick women comfortable, although nothing could exceed the devotion of the medical staff.

The new patient, filled with gratitude for the attention she received there, resolved to see what she could do to benefit the hospital. She had never seen J. Pierpont Morgan, but had heard that he was a benevolent man. So she wrote to him and told him of the needs of the hospital. Days passed, but there was no reply to her letter, and it seemed as if it might have been ignored by the busy financier. The woman recovered and returned home. It was not long after that she again became a patient in the same hospital. This was about the time of Prince Henry's arrival.

The day after the Sherry luncheon to the captains of industry an express wagon delivered at the hospital gates two porcelain bathtubs filled with the flowers which had decorated the tables and the room at Sherry's on the day the prince dined there. The card of J. Pierpont Morgan accompanied the gift.

This little incident made one woman at least realize that the great financier was not absorbed in Wall street affairs to the exclusion of all else, and it filled the hospital with fragrance and beauty, for which the inmates blessed him. One who was there at the time says:

"It may be pleasant for Mr. Morgan to know that many lips murmured blessings in connection with his name, and more than one sick woman prayed that he might be spared for many a long year to do acts of kindness like this."

New Use For Cinders.

George F. Averill, living at Arverne, N. Y., says that he has discovered a means of using the waste coal ash cinders that will make the hitherto useless material of great commercial value. The use which Mr. Averill has found for these coal ashes is in a new kind of fireproof mortar, 90 per cent of which is made up of coal ashes and the rest double hydraulic cement, says the Chicago Chronicle. Mr. Averill has had tests made under the supervision of the department of buildings in Manhattan, which show that the insulating properties of a block constructed according to Mr. Averill's specifications are very great.

Child's Opinion of Prince Henry.

The day after Prince Henry's visit to Washington Archibald Roosevelt discussed the prince with great vigor to some of his schoolmates, as follows, says the Baltimore News:
"Why," he said, "he ain't like any prince I ever heard of. He didn't come up in a chariot drawn by white horses at all. He rode in a carriage just like ours. I don't think he's much of a prince," the small boy sniffed. "He looks just like any other man—made of meat, you know."

IMPROVEMENTS AT BRAINERD'S DEPOT.

Some Extensive Alterations Are Being Talked of The Coming Year.

THE NEW FREIGHT DEPOT.

Plans, it is Said, Have Been Approved and Work Will Commence Shortly.

While Superintendent G. W. Vanderslice, of the Lake Superior division was in the city Saturday, he had a long conference with Agent W. D. McKay of the Northern Pacific anent improvements which are to be made by the company in this year.

Agent McKay has asked that as soon as the new freight depot is completed that extensive improvements be made in and about the passenger depot. In all probability his requests will be granted and the now overcrowded depot will be converted into a thoroughly modern railway station. It is suggested that the waiting rooms and ticket office be rearranged and that other arrangements be made for the ticket and other offices on the ground floor. There are also some other exterior improvements contemplated.

It is understood that the plans for the new freight depot have been approved and that work will commence on the foundation in a short time. The building will be a solid brick, fire proof warehouse, 300 feet long and 50 feet wide. Further than this no information has been given out.

VETOED BY ROOSEVELT.

House Relief Bill Meets Same Fate as Senate's.

Washington, March 29.—President Roosevelt has sent to the house a veto of the bill for the relief of Emanuel Klausner from the charge of desertion. The president says this bill, like the senate bill in the case of J. N. Howell, not only authorizes the president to act but also orders the secretary of war to act and set aside the order approving the findings, report and sentence of a courtmartial and grant an honorable discharge.

"It appears to imply," says the president, "the power by congress of overruling and reversing by statute a valid judgment. If it did not do that it was simply an exercise of the pardoning power. It is questionable whether congress possesses either of these powers, but when the bill directed the secretary of war to revoke a courtmartial, congress undid the thing it ordered to do."

MALICIOUSLY FALSE.

W. C. Brown Denies the Charges of Walter Christmas.

New York, March 29.—Wilbur C. Brown, partner of Abner McKinley, whose name was mentioned in connection with the Christmas charges made public in congress Thursday, has sent the following letter to Representative Dalzell, chairman of the investigating committee:
"Dear Sir: The papers this morning contain extracts read in congress yesterday from insidious charges alleged by one Walter Christmas in connection with the purchase of the Danish West Indies."

"So far as these charges relate to Mr. Abner McKinley and myself they are unqualifiedly and maliciously false in every particular. I shall be glad to appear before your committee at any time you may desire."

Strikers Give Up Their Union.

Leavenworth, Kan., March 29.—The street car strike which has been on in Leavenworth since Feb. 1 has been settled. The strikers conceded everything on condition that they be taken back. The strike was caused by the organization of a union by the street railway employees. By the terms of settlement the strikers agreed to give up the union.

Japan's Claim Is Just.

London, March 29.—The Tokio correspondent of The Times, referring to Japan's having distrained on the property of foreigners who refused to pay the house tax, says that the government at Washington recognizes the justice of Japan's claim in this connection and has refused to become a party to the arrangement of the matter.

Cattle Suffering for Water.

Denver, March 29.—Reports from Orchard, Colo., say that many cattle on the plains are in a pitiable condition for want of water. Many of the water holes in Morgan county have been fenced in by owners of small herds, and other cattlemen, whose stock is shut off from water, are threatening to take retaliatory measures.

Walcott Takes a Big Contract.

Boston, March 29.—Joe Walcott has been matched to fight Fred Russell for a decision before the Wabash Athletic club, Chicago, April 4. Walcott, who, it is said, only weighs 140 pounds, is forced to meet a man who weighs 220 pounds and is six feet tall. Ben Bonnelly, a football player, will referee.

Need More Officers in the Navy.

Washington, March 29.—It is announced that President Roosevelt will deliver the diplomas at the graduating exercises of the naval academy at Annapolis on May 2, the advance date set in order to relieve a dearth in commissioned officers.

MONEY

Will Be Forced Upon You If You Buy Lots or Lands Now.

I have a few 5 acre farms left on Oak street south of the N. P. shops and some near that avenue where a man can live, keep a cow, poultry and other animals that are usually kept on a farm, and after breakfast or dinner walk to said shops in ten minutes. I have land within a half-mile of the Brainerd Lumber Co.'s yard and southeast of it, that I will sell in 10,20 or 40 acre pieces. Lands within a half-mile of the Northern Pacific Railway shops in 40 acre or smaller pieces.

Rich agricultural farm, grass and stock land in Crow Wiag county. I have some 5 acre tracts with residences on for sale.

I have lots in the various parts of the city of Brainerd.

Cheap lots and dear lots; business lots and residence lots.

If desired I will help a man to get a house on some lots or on a farm and near enough to the shops so he can go home to dinner within the noon hour.

Why pay rent when you can pay for a home with the same money.

Call and see me and see if any of the land or lots I have suit you.

P. K. JOHNSON IS
SOLE SURVIVOR

Of the First Minnesota Territorial
Legislature--He is Now a
Resident of Brainerd.

LIFE VARIED AND INTERESTING.

Mr. Johnson was the First Post-
master of Mankato Appointed
by President Pierce.

The history of Minnesota could
scarcely be written without a glance
at the scrolls whereon are emblazoned
the names of those who laid the
foundation stones of this splendid
commonwealth. Parsons K. John-
son, a resident of Brainerd, is the
sole surviving member of the first
territorial legislature of the North
Star state, says the Stillwater Gaz-
ette.

The story of Mr. Johnson's life is
a varied and interesting one, run-
ning hand in hand with the birth,
growth and development of the state
through 55 long years and today,
with whitening hair, halting steps
and failing sight, but his mind and
memory keen and active, he watches
the progress of the events with as
great solicitude as ever he did when
Minnesota existed in little more than
name.

Mr. Johnson was born in Vermont,
May 8, 1816, raised in the same at-
mosphere, playing the same boyish
games, attending the same school,
courting the same young girls, of the
great Stephen A. Douglas. They
were schoolmates, playmates and
boyhood friends and many are the
excellent stories Mr. Johnson is able
to tell today of the "Little Giant."

While yet a young man, he, like
many another, came West to grow
up with the country, settling first in
Illinois. It was there he had an op-
portunity to vote for his boyhood's
friend, Douglas, for president in the
memorable campaign that made the
immortal Lincoln president. After
ten years of Illinois, he moved to
Minnesota, arriving in St. Paul in
1847. As was stated, he was a mem-
ber of the first territorial legislature,
which convened in the little log
structure at the corner of Bench and
Minnesota streets, Sept. 3, 1849, and
continued in session until Nov. 1, the
same year. There were but
eighteen members of that body:
Joseph W. Furber, speaker; James
Wells, Henry Jackson, John J.
Dewey, Morton S. Wilkinson, Syl-
vanus Trask, Mahlon Black, Benja-
min W. Brunson, Henry F. Setzer,
William R. Marshall, William Dugas,
Jeremiah Russell, Allen Morrison,
Lorenzo Babcock, Thomas A. Holmes
Alexis Bailey, Gideon H. Pond and
Parsons K. Johnson--all dead now
save this one white-haired man. He
was married in 1850 to Miss Laura
Bivins, by whom he had four child-
ren. Mrs. Johnson died in Brainerd
in 1895.

Mr. Johnson was the first post-
master of Mankato, having moved to
that place from St. Paul in 1852,
and was appointed to that office by
President Pierce. He was the first
register of deeds of Blue Earth
county, elected in 1856, and later on
was elected to the seventh territorial
legislature from the Tenth district,
which embraced Blue Earth, Steele,
Le Sueur, Faribault, Brown, Nicol-
let, Sibley, Pierce and Renville
counties. The house of representa-
tives at this session had 38 members.
He held office of justice of peace at
Mankato for fourteen years. He
was a witness to the hanging of the
38 Sioux Indians at Mankato, Dec.
26, 1862.

The venerable gentleman saw the
first train of cars move out of St.
Paul for St. Anthony. He stood on
the levee in St. Paul when the first
printing press was brought to Min-
nesota for James Goodhue.

Mr. Johnson is a member of the
first territorial pioneers' association
and takes great pleasure in meeting
his friends of the early days of the
state at the annual meetings held
at St. Paul. It is his intention to
take part in celebrating the fiftieth
anniversary of the founding of the
city of Mankato, which will take
place in that town next June.

TWO BIG BALLS TONIGHT.

The Easter Ball by the K. T.'s will be The
Sweetest of the Season--The Fire-
men Will Dance.

The people of Brainerd will have
the opportunity of the year tonight
to enjoy themselves, as most any
kind of diversion is at their disposal.
The most important event of the
society season is the grand Easter
ball which will be given by the
Knight Templars in the Masonic hall.
A large number of invitations have
been sent out and the event will be
one of the most fashionable for years.

The fire laddies of the city give a
grand ball tonight also in Gardner
hall. The money which will be made
off this dance will go toward the
tournament fund and the boys ex-
pect a large turn out. With these
two events and a good attraction at
the opera house amusement seekers
will not need to go begging for en-
joyment tonight.

EMPLOYES EXPERT SERVICE

Clerk of Court W. A. M. Johnston Will
Run down Crooks If it is
Possible.

It will be remembered that a corps
of young people worked in the city
on a magazine fake, account of which
was given in full in THE DISPATCH
some time ago. It will also be re-
membered that Clerk of Court John-
ston was called upon by these indi-
viduals and as a notary official only
witnessed their signatures to a
guarantee. Many who got "bit"
blamed Mr. Johnson for their having
been pinched but he had nothing to
do with the matter. To satisfy those
who believe that he had, he has, at
his own expence, engaged competent
detective service as will be seen by
the following letter:

Minneapolis, Minn., March 28, 1902.
Mr. W. A. M. Johnston,
Clerk of Dist. Court,
Brainerd, Minnesota.

My dear sir:--
Your letter of March 12th, at hand
and contents noted. Will say I have
investigated your case and have
learned that these young men have
no office in Minneapolis as far as we
can learn at the present time. Your
neighborhood is not the only vicinity
that these young swindlers have
operated in as we have received a
number of complaints from all parts
of Minnesota and North and South
Dakota in regard their crooked work.
However, I will say that I shall keep
your letters with reward before my
operators and as they frequently
make trips throughout the country
they may be able to pick them up in
some outside town. In case you
should hear anything new in this
matter please let me hear from you.
Very truly yours,
Hoy's Detective Bureau,
JOHN P. HOY,
Principal.

THE CONTROVERSY
RESULTS IN A SUIT.

Papers Have Been Served by Cass
County in a Rather Inter-
esting Case.

SEEKS TO BE RE-IMBURSED.

The Cass County Commissioners
Bring the Suit Against Crow
Wing County.

A rather novel suit has just been
started by the commissioners of Cass
county as trustees of School District
No. 1, against Crow Wing county.
The suit grows out of the controversy
which was fought between the two
counties five or six years ago when
Crow Wing sought to have annexed,
and succeeded for a time, about sev-
enteen townships of Cass county, to
this county.

The matter was one of the most
hard fought in the history of these
two counties and those who lived
here at the time will remember the
details of the controversy. Crow
Wing county proceeded according
to law to bring about the annexation,
going among the voters of that sec-
tion and securing the necessary
names to a petition. The governor
issued a proclamation annexing the
territory to Crow Wing.

The matter was then carried to the
courts and legal tact was brought
into play from all sides. A merry
war was waged and in the lower
court a decision was reached in favor
of Crow Wing. The matter was
then carried to the supreme court
and Cass county won out so that the
townships then in controversy re-
verted back to that county.

The suit now brought by Cass
county is to recover the amount of
school taxes which was collected by
Crow Wing county while the town-
ships were in its jurisdiction, and
also some license money which it is
claimed was collected. They do
not know specifically what the
amount of money was that found its
way into this county's treasury, but
they demand an accounting and ask
for judgment for the amount.
Judge Fleming is looking after the
interests of the county in this mat-
ter.

Russian Nobles Executed.

London, March 29.--The St. Peters-
burg correspondent of The Daily Mail
says that news has been received from
Kutais, Transcaucasia, that three Rus-
sian nobles, Prince Kiplinadz, Prince
Valerian and Prince Zukidiz, were
executed March 3 for the murder of
over 100 persons. The trials of the
princes lasted for two weeks. They
were the leaders of a widespread bandit
organization, which had terrorized
the Caucasus by systematic robbery,
arson and murder.

Huntington, Mass., March 29.--Mrs.
Helen M. Warren, wife of F. E. War-
ren, United States senator from Wy-
oming, died during the evening at the
home of State Representative H. N.
Stanton. She was Mrs. Stanton's only
sister and had been spending the past
year in the hills of Massachusetts in
quest of health. Senator Warren and
her two children were at her bedside.
The funeral will be held at Cheyenne,
Wyo., Wednesday next.

MUSIC AND DRAMA.

"THE MAN FROM MEXICO."

Tonight "The Man from Mexico"
will be the attraction at the Brainerd
Opera House, with Louis Peters in
the title role. The following from
the Butte, Mont., Miner is proof of
the merit of the attraction:

"The Man from Mexico," which
opened at Maguire's Grand last night,
has lost none of its former popularity
with the people of Butte. The wel-
known farce comedy has been here a
number of times, but the cast such
as the Walter E. Perkin's company
has, can be assured of a good audience
season after season.

"The play last night was up to the
usual standard of the Perkins com-
pany productions, and that means a
good deal. The crowd was one of
the largest seen at the Grand this
season. Old friends and new ac-
quaintances of the "Man from Mexi-
co" were very much in evidence, and
the performers were given an en-
thusiastic reception.

"While many know the plot, people
never tire of hearing the story re-
counted. In the first place the man
is not from Mexico, never saw that
country and knows nothing about it.
Through stress of circumstances a
New Yorker is sentenced to a term
in prison, and in order to account for
his enforced absence from home he
tells his wife he is going to Mexico.

"The real fun, the side splitting
scenes and situations, do not reach
the exploding point until a glimpse
is shown of the prisoner in jail. This
act is as diverting as one can stand.
The main fault it has is that the audi-
ence has scarcely a breathing spell
between laughs.

"The leading role of Fitzhugh has
seen a few of the best comedians in
the country doing the lockstep, but
Louis Peters holds his own well in
the part.

"Peters follows the Collierisms
rather close at times, and in doing so
he does not make a mistake. His
work was considered by some of the
audience last night as ranking very
near that of Collier. As the Colonel,
Nagle Barry was good, as was Tay-
lor Williams, the warden; William
F. Haddock, as the architect; Geo.
F. McCabe, the Tammany man; Rob-
ert M. White, as the lawyer, and
John E. Hazzard, as the German.
Charlotte Bordeaux, as the wife;
Adelaide Elliott, Eleanor Worthing-
ton and Martha Van Allen also play-
ed their parts in up-to-date style."

"THE PRIDE OF JENNICO."

A most important theatrical pro-
duction in the near future is the
stirring romantic drama, "The Pride
of Jennico" which will be seen here
with all the wealth of scenic environ-
ment, color and atmosphere
which placed it on the highest pin-
nacle of success during its triumph-
ant career in New York and other
cities in recent days. Some plays
which have been dramatized from
successful novels have received se-
vere treatment at the hands of the
critics and the public, and justly so,
for they have had such poor treat-
ment at the hands of the dramatist
to which they were intrusted that
the result has actually damaged the
novel. The well-known literary
acumen of the authors of "The Pride
of Jennico" has received no such set
back at the hands of their dramatists
for the play has been done with such
rare discernment and literary skill
as to lend an impetus to the sales
of the book in this country, which has
increased its circulation many fold.
"The Pride of Jennico" will be seen
here Saturday, April 5th.

POLLARD'S JUVENILE OPERA CO.

Arrangements have been complet-
ed with the management of the
Brainerd Opera House whereby we
are to have one night with Pollard's
Lilliputian Opera Company. During
their stay here they will produce a
New Japanese opera entitled the
"Gaiety Girl." The company is a
decided novelty in its way compris-
ing as it does fifty of the cleverest
children ever banded together. They
are but recent arrivals from Aus-
tralia and the opening engagement
in San Francisco, where they com-
menced the American tour, was
greeted by the largest audiences in
the history of the Tivoli Opera House.
The press and public were loud in
their praises of this wonderful
aggregation of talented youngsters,
and their American tour promises to
duplicate the success achieved by
them in the Eastern Hemisphere,
having played long engagements in
Australia, South Africa, Java, India,
China and Japan. The costumes worn
in a "Gaiety Girl" were designed and
made in the city of London so are
correct in every detail.

P. K. JOHNSON IS SOLE SURVIVOR

Of the First Minnesota Territorial
Legislature--He is Now a
Resident of Brainerd.

LIFE VARIED AND INTERESTING.

Mr. Johnson was the First Post-
master of Mankato Appointed
by President Pierce.

The history of Minnesota could
scarcely be written without a glance
at the scrolls whereon are emblazoned
the names of those who laid the
foundation stones of this splendid
commonwealth. Parsons K. John-
son, a resident of Brainerd, is the
sole surviving member of the first
territorial legislature of the North
Star state, says the Stillwater Gaz-
ette.

The story of Mr. Johnson's life is
a varied and interesting one, run-
ning hand in hand with the birth,
growth and development of the state
through 55 long years and today,
with whitening hair, halting steps
and failing sight, but his mind and
memory keen and active, he watches
the progress of the events with as
great solicitude as ever he did when
Minnesota existed in little more than
name.

Mr. Johnson was born in Vermont,
May 8, 1816, raised in the same at-
mosphere, playing the same boyish
games, attending the same school,
courting the same young girls, of the
great Stephen A. Douglas. They
were schoolmates, playmates and
boyhood friends and many are the
excellent stories Mr. Johnson is able
to tell today of the "Little Giant."

While yet a young man, he, like
many another, came West to grow
up with the country, settling first in
Illinois. It was there he had an op-
portunity to vote for his boyhood's
friend, Douglas, for president in the
memorable campaign that made the
immortal Lincoln president. After
ten years of Illinois, he moved to
Minnesota, arriving in St. Paul in
1847. As was stated, he was a mem-
ber of the first territorial legislature,
which convened in the little log
structure at the corner of Bench and
Minnesota streets, Sept. 3, 1849, and
continued in session until Nov. 1, the
same year. There were but
eighteen members of that body:
Joseph W. Furber, speaker; James
Wells, Henry Jackson, John J.
Dewey, Morton S. Wilkinson, Syl-
vanus Trask, Mahlon Black, Benja-
min W. Brunson, Henry F. Setzer,
William R. Marshall, William Dugas,
Jeremiah Russell, Allen Morrison,
Lorenzo Babcock, Thomas A. Holmes
Alexis Bailey, Gideon H. Pond and
Parsons K. Johnson--all dead now
save this one white-haired man. He
was married in 1850 to Miss Laura
Bivins, by whom he had four chil-
ren. Mrs. Johnson died in Brainerd
in 1895.

Mr. Johnson was the first post-
master of Mankato, having moved to
that place from St. Paul in 1852,
and was appointed to that office by
President Pierce. He was the first
register of deeds of Blue Earth
county, elected in 1856, and later on
was elected to the seventh territorial
legislature from the Tenth district,
which embraced Blue Earth, Steele,
Le Sueur, Faribault, Brown, Nicol-
let, Sibley, Pierce and Renville
counties. The house of representa-
tives at this session had 38 members.
He held office of justice of peace at
Mankato for fourteen years. He was
a witness to the hanging of the
38 Sioux Indians at Mankato, Dec.
26, 1862.

The venerable gentleman saw the
first train of cars move out of St.
Paul for St. Anthony. He stood on
the levee in St. Paul when the first
printing press was brought to Min-
nesota for James Goodhue.

Mr. Johnson is a member of the
first territorial pioneers' association
and takes great pleasure in meeting
his friends of the early days of the
state at the annual meetings held
at St. Paul. It is his intention to
take part in celebrating the fiftieth
anniversary of the founding of the
city of Mankato, which will take
place in that town next June.

TWO BIG BALLS TONIGHT.

The Easter Ball by the K. T.'s will be The
Swellest of the Season--The Fire-
men Will Dance.

The people of Brainerd will have
the opportunity of the year tonight
to enjoy themselves, as most any
kind of diversion is at their disposal.
The most important event of the
society season is the grand Easter
ball which will be given by the
Knight Templars in the Masonic hall.
A large number of invitations have
been sent out and the event will be
one of the most fashionable for years.

The fire laddies of the city give a
grand ball tonight also in Gardner
hall. The money which will be made
off this dance will go toward the
tournament fund and the boys ex-
pect a large turn out. With these
two events and a good attraction at
the opera house amusement seekers
will not need to go begging for en-
joyment tonight.

EMPLOYES EXPERT SERVICE

Clerk of Court W. A. M. Johnston Will
Run down Crooks If it is
Possible.

It will be remembered that a corps
of young people worked in the city
on a magazine fake, account of which
was given in full in THE DISPATCH
sometime ago. It will also be re-
membered that Clerk of Court John-
ston was called upon by these indi-
viduals and as a notary official only
witnessed their signatures to a
guarantee. Many who got "bit"
blamed Mr. Johnson for their having
been pinched but he had nothing to
do with the matter. To satisfy those
who believe that he had, he has, at
his own expense, engaged competent
detective service as will be seen by
the following letter:

Minneapolis, Minn., March 28, 1902.
Mr. W. A. M. Johnston,
Clerk of Dist. Court,
Brainerd, Minnesota.

My dear sir:--
Your letter of March 12th, at hand
and contents noted. Will say I have
investigated your case and have
learned that these young men have
no office in Minneapolis as far as we
can learn at the present time. Your
neighborhood is not the only vicinity
that these young swindlers have
operated in as we have received a
number of complaints from all parts
of Minnesota and North and South
Dakota in regard their crooked work.
However, I will say that I shall keep
your letters with reward before my
operators and as they frequently
make trips throughout the country
they may be able to pick them up in
some outside town. In case you
should hear anything new in this
matter please let me hear from you.

Very truly yours,
Hoy's Detective Bureau,
JOHN P. HOY,
Principal.

The police Sunday picked up
another one-armed man and he had a
hearing in the municipal court this
morning on the charge of vagrancy.
Judge Blewitt gave him five days
and in the interim the police of
Duluth will look into the man's
career a little.

He gave his name here as William
Donovan, but he has traveled, ac-
cording to the Duluth police, under
the cognomens of William Harris,
alias William Donovan, alias William
Hart. He is wanted at Duluth and
the police have been notified in that
city that the man is locked up here.

THE CONTROVERSY RESULTS IN A SUIT.

Papers Have Been Served by Cass
County in a Rather Inter-
esting Case.

SEEKS TO BE RE-IMBURSED.

The Cass County Commissioners
Bring the Suit Against Crow
Wing County.

A rather novel suit has just been
started by the commissioners of Cass
county as trustees of School District
No. 1, against Crow Wing county.
The suit grows out of the controversy
which was fought between the two
counties five or six years ago when
Crow Wing sought to have annexed,
and succeeded for a time, about sev-
enteen townships of Cass county, to
this county.

The matter was one of the most
hard fought in the history of these
two counties and those who lived
here at the time will remember the
details of the controversy. Crow
Wing county proceeded according
to law to bring about the annexation,
going among the voters of that sec-
tion and securing the necessary
names to a petition. The governor
issued a proclamation annexing the
territory to Crow Wing.

The matter was then carried to the
courts and legal tact was brought
into play from all sides. A merry
war was waged and in the lower
court a decision was reached in favor
of Crow Wing. The matter was
then carried to the supreme court
and Cass county won out so that the
townships then in controversy re-
verted back to that county.

The suit now brought by Cass
county is to recover the amount of
school taxes which was collected by
Crow Wing county while the town-
ships were in its jurisdiction, and
also some license money which it
claimed was collected. They do
not know specifically what the
amount of money was that found its
way into this county's treasury, but
they demand an accounting and ask
for judgment for the amount.
Judge Fleming is looking after the
interests of the county in this mat-
ter.

Russian Nobles Executed.

London, March 29.--The St. Peters-
burg correspondent of The Daily Mail
says that news has been received from
Kutais, Transcaucasia, that three Rus-
sian nobles, Prince Klipnadz, Prince
Valerian and Prince Zulukidz, were
executed March 3 for the murder of
over 100 persons. The trials of the
princes lasted for two weeks. They
were the leaders of a widespread band-
it organization, which had terrorized
the Caucasus by systematic robbery,
arson and murder.

Sofia, Bulgaria, March 29.--One hun-
dred and fifty Turkish troops attacked
a Bulgarian outpost near Saratch.
One Bulgarian was killed and several
were wounded. The Bulgarian gar-
rison is being reinforced by two com-
panies of soldiers.

Senator Warren's Wife Dead.

Huntington, Mass., March 29.--Mrs.
Helen M. Warren, wife of F. E. War-
ren, United States senator from Wy-
oming, died during the evening at the
home of State Representative H. N.
Stanton. She was Mrs. Stanton's only
sister and had been spending the past
year in the hills of Massachusetts in
quest of health. Senator Warren and
her two children were at her bedside.
The funeral will be held at Cheyenne,
Wyo., Wednesday next.

MUSIC AND DRAMA.

"THE MAN FROM MEXICO."

Tonight "The Man from Mexico"
will be the attraction at the Brainerd
Opera House, with Louis Peters in
the title role. The following from
the Butte, Mont., Miner is proof of
the merit of the attraction:
"The Man from Mexico," which
opened at Maguire's Grand last night,
has lost none of its former popularity
with the people of Butte. The wel-
known farce comedy has been here a
number of times, but the cast such
as the Walter E. Perkin's company
has, can be assured of a good audience
season after season.

"The play last night was up to the
usual standard of the Perkins com-
pany productions, and that means a
good deal. The crowd was one of
the largest seen at the Grand this
season. Old friends and new ac-
quaintances of the "Man from Mexi-
co" were very much in evidence, and
the performers were given an en-
thusiastic reception.

"While many know the plot, people
never tire of hearing the story re-
counted. In the first place the man
is not from Mexico, never saw that
country and knows nothing about it.
Through stress of circumstances a
New Yorker is sentenced to a term
in prison, and in order to account for
his enforced absence from home he
tells his wife he is going to Mexico.

"The real fun, the side splitting
scenes and situations, do not reach
the exploding point until a glimpse
is shown of the prisoner in jail. This
act is as diverting as one can stand.
The main fault it has is that the audi-
ence has scarcely a breathing spell
between laughs.

"The leading role of Fitzhugh has
seen a few of the best comedians in
the country doing the lockstep, but
Louis Peters holds his own well in
the part.

"Peters follows the Collierisms
rather close at times, and in doing so
he does not make a mistake. His
work was considered by some of the
audience last night as ranking very
near that of Collier. As the Colonel,
Nagle Barry was good, as was Tay-
lor Williams, the warden; William
F. Haddock, as the architect; Geo.
F. McCabe, the Tammany man; Rob-
ert M. White, as the lawyer, and
John E. Hazzard, as the German.
Charlotte Bordeaux, as the wife;
Adelaide Eliotte, Eleanor Worthing-
ton and Martha Van Allen also play-
ed their parts in up-to-date style."

"THE PRIDE OF JENNICO."

A most important theatrical pro-
duction in the near future is the
stirring romantic drama, "The Pride
of Jennico" which will be seen here
with all the wealth of scenic envi-
ronment, color and atmosphere
which placed it on the highest pin-
nacle of success during its triumph-
ant career in New York and other
cities in recent days. Some plays
which have been dramatized from
successful novels have received se-
vere treatment at the hands of the
critics and the public, and justly so,
for they have had such poor treat-
ment at the hands of the dramatist
to which they were intrusted that
the result has actually damaged the
novel. The well-known literary
acumen of the authors of "The Pride
of Jennico" has received no such set
back at the hands of their dramatists
for the play has been done with such
rare discernment and literary skill
as to lend an impetus to the sales of
the book in this country, which has
increased its circulation many fold.
"The Pride of Jennico" will be seen
here Saturday, April 5th.

POLLARD'S JUVENILE OPERA CO.

Arrangements have been com-
pleted with the management of the
Brainerd Opera House whereby we
are to have one night with Pollard's
Lilliputian Opera Company. During
their stay here they will produce a
New Japanese opera entitled the
"Gaiety Girl." The company is a
decided novelty in its way compris-
ing as it does fifty of the cleverest
children ever banded together. They
are but recent arrivals from Aus-
tralia and the opening engagement
in San Francisco, where they com-
menced the American tour, was
greeted by the largest audiences in
the history of the Tivoli Opera House.
The press and public were loud in
their praises of this wonderful
aggregation of talented youngsters,
and their American tour promises to
duplicate the success achieved by
them in the Eastern Hemisphere,
having played long engagements in
Australia, South Africa, Java, India,
China and Japan. The costumes worn
in a "Gaiety Girl" were designed and
made in the city of London so are
correct in every detail.

MANY LIVES ARE LOST

VICTIMS OF THE FLOODS IN TEN-
NESSEE KNOWN TO NUMBER
TWENTY-TWO.

INJURY TO PROPERTY HEAVY

Believed That the Damage Item Will
Reach Four Million Dollars—Rail-
roads Running Very Few Trains
and Regular Traffic Will Not Be
Resumed for a Number of Days
Yet.

Nashville, Tenn., March 31.—Reports
from the flooded districts of
Tennessee emphasize the gravity of
the situation. The damage resulting,
it is believed, will reach \$4,000,000,
while 22 lives are known to be lost.
Several counties certain to have suf-
fered heavily are yet cut off from
communication and the loss in prop-
erty and life may go higher than these
figures. The Louisville and Nashville
railroad is running a few trains from
here to Louisville, 18 miles south of
Columbia, while the Nashville, Chat-
anooga and St. Louis has only suc-
ceeded in getting through to Murfrees-
boro. Neither line can resume regu-
lar traffic for several days.

Murfreesboro, Tenn., March 31.—In
Rutherford county it is believed that
Will Adams, a farmer, his wife and
five children have perished in the
flood. Saturday night neighbors heard
Adams calling for help, which they
were powerless to give, and nothing
has been heard from Adams or his
family since.

Tullahoma, Tenn., March 31.—As
the details of the storm slowly come
in from the surrounding country it
proves to have been the most disas-
trous storm that has visited this sec-
tion. Several lives were lost and the
loss of property will amount to thou-
sands of dollars.

Many Negroes Lose Their Lives.
Memphis, Tenn., March 31.—Advises
from the flooded district in Mississippi
are that the waters are slowly reced-
ing and it is believed that the worst
is over. The damage to railroads,
farms and other property will foot up
an enormous sum. It is reported that
many negroes lost their lives, but the
exact number cannot be given at
present.

DULUTH TO KANSAS CITY.

Gulf and Manitoba Company to Build
Eight Hundred Miles of Road.

Detroit, Mich., March 31.—C. H. Law-
rence has returned to Detroit from
New York with one of the biggest
contracts ever given to a Detroit com-
pany. It is the greatest in point of
money involved. The paper binds the
International Construction company of
Detroit to build 800 miles of railroad,
extending from Duluth to Kansas City.
The total amount of the contract is
for \$12,195,711.12.

Most of the money to be put into the
enterprise is foreign capital, one of the
principals to the contract being the
Societe Generale Financiere and Belge,
the great French financial concern,
having its headquarters in Paris and
doing business in France and Belgium.
Another party to the contract is the
Gulf and Manitoba Railroad company
of Iowa, which will probably be the
title of the road, the name suggesting
that it is the ultimate intention of
the promoters to extend their property
across the entire United States
from north to south.

The road will pass through Minne-
sota, Iowa and part of Missouri, a
branch running to Omaha. Mr. Law-
rence said that work on the railroad
would begin without delay, the engi-
neers to go into the field this week.

MUCH DAMAGE DONE.

Very Heavy Storm is Reported on
Lake Michigan.

Grand Rapids, Mich., March 31.—
Reports from Lake Michigan cities
and towns show that the heavy storm
has done a large amount of damage,
particularly to telegraph and tele-
phone lines. The lines are all down
along the lake shore and Traverse
City, Manistee and Ludington are cut
off from outside communication.

The lake is so rough that the Good-
rich & Barry line steamers have not
ventured out. The storm was general
over the state, but was most severe
along the shore of Lake Michigan.
Snow and sleet accompanied it in
some places.

CANNOT FIND STEYN.

Acting President Schalkburger's Ef-
forts So Far Unsuccessful.

Pretoria, March 31.—The efforts of
Acting President Schalkburger to open
communication with Mr. Steyn, the
former president of the Orange Free
State, have thus far been unsuccess-
ful.

Dewet and Steyn have crossed the
main line of the railroad going west.
They were escorted by Vanniekirk
and Vandemere and have been traced
to Paris, about 30 miles northwest of
Heilbron road, Orange River Colony,
by Colonel Garrett.

Returned to Port on Fire.

New York, March 31.—The Quebec
line steamer Pretoria, which sailed
from this port with a full cargo and
a number of passengers for Hamilton,
Bermuda, has returned to the harbor
on fire. She was conveyed by the
American line steamer Noordland,
which sailed from Philadelphia for
Queensdown and Liverpool and which
has on board the passengers of the
Pretoria. They had been transferred
to that vessel.

Seventeenth Infantry Arrives.

San Francisco, March 31.—The
transport Kilpatrick arrived during the
day from Manila with the Seventeenth
infantry and discharged soldiers, nearly
1,000 in number. There were five
deaths on the voyage.

BURN NEGRO AT THE STAKE

One of a Band of Murderers and Rob-
bers Caught and Lynched.

Augusta, Ga., March 31.—Richard
Young, one of the negroes accused by
young Dover Fountain in his dying
statement of having attacked himself
and his mother on Thursday night on
the Ogeechee road, three miles from
Savannah, was caught by the residents
of the Ogeechee district and burned
at the stake.

A piece of railroad iron was driven
into the ground in a swamp and the
negro tied to it with trace chains. A
brush heap was built up around him
and the torch applied.

The mob dispersed as soon as the
fire started blazing. No one remained
to see the negro die. Trustworthy in-
formation comes that the flames did
the work, however, and the negro's
charred body was seen by people who
went to investigate.

Negroes attempted to rob the store
of Mrs. Lila Fountain. The boy, 16
years old, grappled with the men when
he found them in the room. One of
them struck him with an axe, and
later, when the mother ran to her
son's assistance, struck the mother.
The boy died the next day.

AFTER A FOUR-YEAR FIGHT.

Bishop Bonacum Wins Contest With
the Tecumseh (Web.) Church.

Tecumseh, Neb., March 31.—After a
fight of four years in the ecclesiastical
and civil courts Bishop Bonacum has
won and the doors of St. Andrew's
Catholic church were opened Sunday
to the public for the first time since
the trustees locked them in the face
of the priest sent by the bishop to
conduct services. The trustees were
adherents to Rev. Father Murphy, who
had been removed by the bishop, and
they refused to allow his successor
access either to the church or parish
home. The contest has been long and
bitter, resulting in a final triumph for
the bishop and mass was celebrated
by a priest of his selection. Rev.
Father Murphy, who was transferred
from Tecumseh to Seward, has since
been excommunicated by the bishop.

TOO MUCH DIME NOVEL.

Two Missouri Youths Attempt to
Wreck a Passenger Train.

Trenton, Mo., March 31.—George
Bushes, aged 16 years, and George
Yound, aged 20, sons of respectable
parents of this city, made an unsuccess-
ful attempt to wreck eastbound
Chicago, Rock Island and Pacific pas-
senger train No. 12 about five miles
east of here by placing ties on the
track. The track at this point is on a
high embankment and a derailment
could scarcely have occurred without
the loss of many lives. Both boys
were arrested and confessed. Their
motive appears to have been revenge
for having been put off a freight train.
Dime novels are also believed to have
played a part.

PUT ARSENIC IN THE SPRING.

Montana Rancher Under Arrest for
Wholesale Poisoning.

Big Timber, Mont., March 31.—John
Willis is under arrest for a wholesale
poisoning of several families with
arsenic.

He is a rancher near Nye and tied a
bag of arsenic in a spring used by
the Hughes and Dunbar families. The
water had to flow 400 feet before
reaching the houses where it was
used and that prevented fatalities, but
several people were made seriously ill.

Willis' stove was recently blown up
with dynamite and he declares that
some member of one of the families
placed the explosive in it.

PRACTICALLY PROHIBITIVE.

Chinese Government's Mining Regula-
tions for Foreigners.

Peking, March 31.—The govern-
ment has decided upon mining regula-
tions under the terms of which fran-
chises may be granted to foreigners in
any portion of China. These regula-
tions provide that the government
shall receive 25 per cent of the profits;
25 per cent of the output of diamonds
and other gems; 15 per cent of the
output of gold, silver and mercury;
10 per cent of the output of copper,
lead and zinc; 5 per cent of the output
of coal and iron, besides export and
licensing duties.

These royalties are regarded here
as altogether prohibitive.

A YOUTHFUL MURDERER.

Thirteen-Year-Old Boy Kills His Seven-
Year-Old Playmate.

Toledo, O., March 31.—Danny Rosen-
becker, 13 years old, was arrested here
for the murder of 7-year-old Arthur
Shanteau. Rosenbecker says that
while he and Shanteau were hunting
crawfish the latter called him a name
and attempted to strike him with a
club, whereupon he retaliated by strik-
ing Shanteau with a butcher knife un-
til he was dead. He then dragged the
body among some weeds, where it was
found by a party of searchers.

Rosenbecker apparently does not
realize the enormity of the deed.

King Edward Will Give a Cup.

Cork, March 31.—In response to an
inquiry addressed to King Edward his
majesty has sent a letter to the lord
mayor of Cork, Mr. Fitzgerald, saying
that he will give a cup valued at £100
to be competed for in the international
yacht race which will be held in
connection with the Cork international
exhibition this year. Local yacht
clubs hope that the Columbia, the
Shamrock II and the Meteor will be
among the contestants in the interna-
tional race.

Sultan's Successor Is Dead.

London, March 31.—A report has
reached here from Constantinople,
cables the Vienna correspondent of
The Daily Mail, that Mohammed Re-
chad, the sultan's brother and his pre-
sumptive successor, is dead. The re-
port says foul play is suspected.

Spanish Treaty Ready to Sign.

Madrid, March 31.—The treaty of
friendship between the United States
and Spain will be signed as soon as
Belammy Storer, the United States
minister here, returns to Madrid. Mr.
Storer is at present in the United
States.

GRAVE TROUBLE COMING.

General Uprising of Christians in Eu-
ropean Turkey Planned.

London, March 31.—In a letter from
Athens published in The Times the
correspondent says there are many
indications that grave trouble is com-
ing in Macedonia and Albania. There
is no doubt that M. Sarnoff, the chair-
man of the Macedonian committee,
has planned a general rising of the
Christian people of European Turkey
for the coming spring. In spite of his
failure to secure any support at Ath-
ens or Belgrade for his prospects M.
Sarnoff is continuing his agitation.
Turkey is making energetic military
preparations in the face of which it
is possible M. Sarnoff will not venture
to put his plans into execution. Still,
on account of Russia's machinations
and the jealousies of the powers, con-
tinues the correspondent, which pre-
vents the execution of the reforms
stipulated in the Berlin treaty, the out-
look is disquieting.

GERMANY'S FOREIGN TRADE.

Both Imports and Exports Show a
Marked Falling Off.

Berlin, March 31.—A commission of
commercial experts, which has been
working with the government statisti-
cians, has fixed the total values of
Germany's foreign trade for 1901 in
the following terms:

Imports, 5,709,000,000 marks, a de-
crease of 333,000,000 marks from im-
ports for 1900; exports, 4,512,000,000
marks, a decrease of 240,000,000 marks
from 1900.

The imports from the United States
increased by 21,500,000 marks during
1901, compared with the previous
year. The exports to the United
States decreased 54,000,000 marks in
1901 as compared to 1900.

GAVE UP THE PROJECT.

Consul Stowe and His Book on the
South African War.

Kansas City, March 31.—Colonel
James G. Stowe, former United States
consul general at Cape Town, South
Africa, in an address here said that
he had returned to this country with
the intention of writing and publishing
a book on the South African war, but
that he had been requested not to do
so by John Hay, secretary of state,
and that he had therefore given up the
project, at least for the present. He
said he would not do so until after the
close of hostilities, if at all. He said
he knew the causes of the war but
did not intend to tell them at this time.

Blames Government for the Plague.

London, March 31.—A dispatch to
the Exchange Telegraph company from
Lahore, British India, says Lieutenant
Governor Sir Charles M. Bivaz has
publicly declared that the responsibil-
ity for the present mortality from the
plague in the Punjab lies upon the
supreme government. The declara-
tion has caused a sensation.

Will Crush Small Dealers.

London, March 31.—It is reported
that the Imperial Tobacco company
through Messrs. Salmon and Gluck
stein, limited, tobacco manufacturers
has decided to open a number of re-
tail tobacco shops in London and the
provinces with the idea of crushing
the small dealers, who refuse its
terms.

Did Not Sell Plans to Germany.

London, March 31.—The St. Peters-
burg correspondent of The Daily Mail
says it learns that Colonel Grimm
who is to be tried upon the charge of
having revealed Russian military se-
crets to foreigners, sold plans to Aus-
tria and France, and not to Germany
as has been previously stated.

TELEGRAPHIC BREVITIES.

Miss Mary Burkhart is the Prohibi-
tion candidate for congress in the
Tenth Kentucky district.

The safe of the Bank of Hazle Mills
Neb., was blown open and \$1,000 in
cash and \$700 in drafts stolen.

During an encounter between Bul-
garian and Ottoman troops at Grulpo
on the Turco-Bulgarian frontier, some
Bulgarians were killed and others were
captured.

A Great Blood and Stomach Cure.

WEST SUPERIOR HOTEL BARBER SHOP
PAUL DOMSCH, PROPRIETOR.
I only took three bottles of MEDERINE for
a blood and constitutional ailment, and I must
say it works wonders. My stomach was weak
from indoor confinement and lack of exercise. My
face was pale and circulation of the blood low.
I felt the need of a blood builder and nerve tonic
and found MEDERINE a true friend. My Cat-
arrh of the Stomach is entirely cured.
